b. CS Retirements Mr. Karamessines announced that there were 35 CS retirements set for 31 July -- this as a result of the 5.6% annuity cost-of-living increase. He pointed out that these were sudden decisions, and that only a few days are remaining before they actually depart. He urged that immediate steps be taken to recognize these employees in the appropriate fashion -- that is, honor awards where appropriate, retirement parties, meeting with the component chief, and in some cases, the component chief accompanying the retiree in to see the DDP or ADDP. In the latter cases it would be helpful if you could give [Redacted] in advance, a copy of the bio sketch and some info on the employee's retirement plans.
